## Queen Kitty (\$QKitty) — Whitepaper

### Overview

Queen Kitty (\$QKitty) is a self-sustainable meme token built on Solana with real utility, gamification, and a community-first vision.

Born out of the belief that everyone should have a chance to participate in the crypto world — even with zero capital.

### Mission

Our goal is to bring back the early magic of Bitcoin and Dogecoin days.

With \$QKitty, users can:

Claim free tokens via our faucet

Earn tokens through a Play-to-Earn (P2E) game

Contribute to the ecosystem by simply being active

We empower anyone — even without \$50–\$100/month to invest — to be part of the Queen Kitty movement.

Blockchain  
Network: Solana
